

AHT 1050 / TERM: SUMMER 2023 INTRO TO VETERINARY PROFESSION

July 4 - August 29, 2023 | Asynchronous

Thinking of becoming a veterinarian or interested in working with animals as part of your career? In AHT 1050 students will explore learning and career goals based on strengths, interests, skills and talents.

The Olds College Animal Health Technology Program prepares its graduates to be employed in the animal health industry by providing educational excellence in technical procedures, animal nursing care, and client relations.

Animal Health Technology

EARN COLLEGE CREDITS
IN HIGH SCHOOL

Students will become familiar with selected animal health organizations that adhere to the regulations of veterinary medicine in Alberta. Students are introduced to strategies and techniques for managing self and interacting with others. Students will examine animal welfare and ethical issues. This course provides students with foundational veterinary medical terminology they will use throughout their career. And we will wrap up the course with a brief history of animal welfare and how to apply critical thinking to animal welfare situations.
